## GLORIOUS

(Pat. 879.) Informal clusters of deep vermilion buds open to semi-double flowers of Tyrian rose. When in bloom Glorious is actually covered with masses of bloom. Colorful, extremely vigorous and well branched, it deserves a place in every rose garden. \$1.25 each.

## GOLDLOCKS

The delightful long buds with gracefully pointed petals of rich pink to almost red in cooler weather will take your attention. These open to star-shaped flowers 3 inches across. It is equally good for cutting and the cut flowers last several days in water. Growth upright to about 4 feet and the free flowering habit and fine healthy reddish tinted foliage densely covering the plant make this a fine addition to our list of floribunda roses. \$1.25 each; 3 for \$3.35; 10 for \$10.00.

## MARGO KOSTER

Ovoid orange-red blooms in clusters produced in abundance throughout the season. The low compact bushes are about a foot and a half high. 90c each.

## PASADENA TOURNAMENT RED CECILE BRUNNER

(Pat. 578.) The name, "Pasadena Tournament," has a counterpart in the Tournament of Roses, the famous Football pageant annually held in Pasadena. From the small, dainty red buds come regular size velvety red flowers, literally bursting into a glorious pageant of rose beauty.

In the garden Pasadena Tournament makes a compact small to medium size bush. Well clothed in good rich green foliage. Since it is almost completely thornless, it can be used in masses close to walks without damage of torn clothing. Dainty in every way, it is best placed where it can be easily admired. \$1.25 each; 3 for \$3.35; 10 for \$10.00.

## PINKIE

In many ways the lighter color of Red Sweetheart is appropriate for many occasions where less color display is desired. The buds make exquisite corsages, boutonnieres. Small, dainty bouquets are delightful with Red Sweetheart. \$1.25 each.
